

PRODUCT DATA SHEET

BEL-RAY® WATERPROOF GREASE

Bel-Ray Waterproof Grease is a long lasting waterproof grease providing maximum protection against wear, rust and water washout. It repels water and acts as an excellent seal for bushings, bearings, all chassis lubrication points and other applications exposed to wet conditions and a wide temperature range. **Bel-Ray Waterproof Grease**'s tacky texture makes it resistant to impact and wiping action – the grease stays where it's needed.

Applications

- ◆ For general bearing lubrication of bearings exposed to weather and wet conditions
- ◆ Use in trailer wheel bearings including boat trailers
- ◆ For best lubrication of all plain and roller element bearings operating from low- to high speeds

Features and Benefits

- | | |
|--|---|
| ◆ Load carrying capability and impact resistance | Protects bearings for extended life. Prevents metal-to-metal contact under shock load conditions. |
| ◆ Superior rust and corrosion protection | Effectively protects bearings under the most severe conditions including exposure to salt water. |
| ◆ Heat resistant | Excellent for hot applications. Good up to 177°C (350°F). |

General Description

Bel-Ray Waterproof Grease is a high performance, general purpose grease. It will meet all bearing lubricant needs in marine, automotive and motorcycle applications. The superior water resistance will ensure the grease will continue to seal and protect bearings, even after repeated washing. The mechanical stability of the aluminum complex and special anti-wear additives will protect and lubricate bearings for improved performance.

BEL-RAY[®] WATERPROOF GREASE

Product No. 99540

Application Instructions

For best results do not over-lubricate. Pack the bearing and rotate it several times to ensure even lubricant distribution. Wipe off excess. Dispose of empty containers in a responsible manner.

Caution: *Do not mix greases. Purge old grease from the bearing prior to packing with **Bel-Ray Waterproof Grease**.*

Store in a cool and dry environment.

Always wear safety glasses when using this product.
